Release Notes for ArcSight Content AUP-Categorization Updates 2024

This guide provides information for all the monthly Release Updates for **ArcSight Content AUP-Categorization for the year 2024**.

Content AUP which is also known as ArcSight Content-Categorization Updates is delivered as Patch and is available through ArcSight SmartConnectors License SKU. Customers who are still on legacy ArcSight product structure who have not migrated to ArcSight Standard Edition license structure may obtain the AUP updates through most current version of core product downloads. There is a list of signatures within which the categorization gets modified which changes with every release.

For instructions about installing the Content AUP updates on ESM and ArcMC, see [Installation Guide for Content AUP and Context Updates](#).

Intended Audience

This guide provides information for IT administrators who are responsible for managing the ArcSight software and its environment.

Additional Documentation

The ArcSight SmartConnector documentation library includes the following resources:

- [Technical Requirements Guide for SmartConnector](#), which provides information about operating system, appliance, browser, and other support details for SmartConnector.
- [Installation and User Guide for SmartConnectors](#), which provides detailed information about installing SmartConnectors.
- [Configuration Guides for ArcSight SmartConnectors](#), which provides information about configuring SmartConnectors to collect events from different sources.
- [Configuration Guide for SmartConnector Load Balancer](#), which provides detailed information about installing Load Balancer.

For the most recent version of this guide and other ArcSight SmartConnector documentation resources, visit the [documentation site for ArcSight SmartConnectors 8.4](#).
