Confidential computer software. Valid license from Micro Focus required for possession, use or copying. The information contained herein is subject to change without notice.

The only warranties for Micro Focus products and services are set forth in the express warranty statements accompanying such products and services. Nothing herein should be construed as constituting an additional warranty. Micro Focus shall not be liable for technical or editorial errors or omissions contained herein.

No portion of this product's documentation may be reproduced or transmitted in any form or by any means, electronic or mechanical, including photocopying, recording, or information storage and retrieval systems, for any purpose other than the purchaser's internal use, without the express written permission of Micro Focus.

Notwithstanding anything to the contrary in your license agreement for Micro Focus ArcSight software, you may reverse engineer and modify certain open source components of the software in accordance with the license terms for those particular components. See below for the applicable terms.

U.S. Governmental Rights. For purposes of your license to Micro Focus ArcSight software, "commercial computer software" is defined at FAR 2.101. If acquired by or on behalf of a civilian agency, the U.S. Government acquires this commercial computer software and/or commercial computer software documentation and other technical data subject to the terms of the Agreement as specified in 48 C.F.R. 12.212 (Computer Software) and 12.211 (Technical Data) of the Federal Acquisition Regulation ("FAR") and its successors. If acquired by or on behalf of any agency within the Department of Defense ("DOD"), the U.S. Government acquires this commercial computer software and/or commercial computer software documentation subject to the terms of the Agreement as specified in 48 C.F.R. 227.7202-3 of the DOD FAR Supplement ("DFARS") and its successors. This U.S. Government Rights Section 18.11 is in lieu of, and supersedes, any other FAR, DFARS, or other clause or provision that addresses government rights in computer software or technical data.

For information about legal notices, trademarks, disclaimers, warranties, export and other use restrictions, U.S. Government rights, patent policy, and FIPS compliance, see <https://www.microfocus.com/about/legal/>.

Reputation Security Monitor Plus 1.8 Patch 1

This Release Notes document lists Connectors for which patch changes have been made. It also describes steps to apply the current Connector patch release and provides other information about recent changes, enhancements, and software fixes.

Note: This Connector patch supports both fresh and upgrade installations. The upgrade path for this Connector patch is 1.8 > 1.8 Patch 1.

Intended Audience

This guide provides information for IT administrators who are responsible for managing the ArcSight software and its environment.

Additional Documentation

You can access the additional documents from the [ArcSight Solutions and Compliance Insight Package Documentation](#) site.

The RepSM Plus Connector library includes the following resources:

- [Reputation Security Monitor Plus Solutions Guide 1.8](#)
- [Reputation Security Monitor Plus Configuration Guide 1.8](#)

Contact Information

We want to hear your comments and suggestions about this book and the other documentation included with this product. You can use the comment on this topic link at the bottom of each page of the online documentation, or send an email to Documentation-Feedback@microfocus.com.

For specific product issues, contact [Micro Focus Customer Care](#).

What's New

The following libraries were upgraded:

- Apache Tomcat to 9.0.62
- Zulu OpenJDK to 8u332
- Apache Log4j to 2.17.2

Downloading and Applying this Patch

To download and apply this Connector patch, download the appropriate executable for your platform from the [Software Licenses and Downloads \(SLD\)](#). The 64-bit executable is available for download for Windows and Linux platforms.

To install the Connector, follow the steps mentioned in the [Installing the Connector](#) section.

To upgrade the Connector, follow the steps mentioned in the [Upgrading Connectors Locally](#) section of *ArcSight SmartConnector Installation Guide*.

Send Documentation Feedback

If you have comments about this document, you can [contact the documentation team](#) by email. If an email client is configured on this computer, click the link above and an email window opens with the following information in the subject line:

Feedback on Release Notes (Reputation Security Monitor Plus 1.8 Patch 1)

Just add your feedback to the email and click send.

If no email client is available, copy the information above to a new message in a web mail client, and send your feedback to Documentation-Feedback@microfocus.com.

We appreciate your feedback!
