Logger CIP for ITGov 5.02

Note: Version 5.02 of ArcSight Logger Compliance Insight Package for IT Governance (Logger CIP for ITGov) provides a new software installer component, which enables you to install the package on ArcSight Logger 6.6 or later. For information about other supported versions of ArcSight Logger, see ["Minimum Requirements" on the next page](#). Version 5.02 is for new installations. If you have an earlier, supported version of the package installed you need to uninstall it first.

ArcSight Logger is a storage solution optimized for extremely high event throughput. An event is a time-stamped log entry, either sent by protocols such as syslog, or appended to a log file. Logger receives and stores events, and can optionally forward selected events.

Logger CIP for IT Governance is a package of reports, alerts, and dashboards designed to support compliance with the following IT Governance standards:

- ISO 27002:2013
- NIST 800-53

Logger CIP for IT Governance is a stand-alone package that is installed on ArcSight Logger, and leverages ArcSight Logger's litigation-quality, long-term repository of log and event data to facilitate IT Governance compliance using ArcSight Logger's reporting, alerting, and dashboard capability.

These release notes cover these topics:

- ["Release Contents" below](#)
- ["Minimum Requirements" on the next page](#)
- ["Installing or Uninstalling Logger CIP for ITGov" on the next page](#)
- ["Open Issues in this Release" on the next page](#)

Release Contents

The files in this release include:

File Name	Description
Logger_ITGov_ReleaseNotes_5.02.pdf	Product description and open issues (this document).
Logger_ITGov_SolutionGuide_5.02.pdf	Product architecture, installation, configuration, and operation instructions, and product contents description.

File Name	Description
ArcSight-ComplianceInsightPackage-Logger-ITGov.5.02.1536.0enc	Content package to install on ArcSight Logger appliances.
ArcSight-ComplianceInsightPackage-Logger-ITGov5.02.1536.0.bin	Content package to install on the software version of ArcSight Logger.

Minimum Requirements

Logger CIP for ITGov 5.02 is supported on version 6.6 or later of both the Logger appliance and the software Logger. To determine your Logger version, click the **About** option in the upper-right corner of the Logger interface. Logger CIP for ITGov is self-contained and does not rely on any other ArcSight CIP packages or solutions.

Installing or Uninstalling Logger CIP for ITGov

For detailed information about installing or uninstalling Logger CIP for ITGov, see the ArcSight Solution Guide Compliance Insight Package ITGov 5.02.

Open Issues in this Release

None at this time.

Send Documentation Feedback
