

# Connected MX Key Management Server

Software Version 4.10.1

## Release Notes

Document Release Date: February 2021  
Software Release Date: February 2021

## Legal notices

### Copyright notice

© Copyright 2016, 2018-2021 Micro Focus or one of its affiliates.

The only warranties for products and services of Micro Focus and its affiliates and licensors (“Micro Focus”) are as may be set forth in the express warranty statements accompanying such products and services. Nothing herein should be construed as constituting an additional warranty. Micro Focus shall not be liable for technical or editorial errors or omissions contained herein. The information contained herein is subject to change without notice.

### Acknowledgements

This product includes software written by Eric Young (eay@cyriptsoft.com).

## Documentation updates

The title page of this document contains the following identifying information:

- Software Version number, which indicates the software version.
- Document Release Date, which changes each time the document is updated.
- Software Release Date, which indicates the release date of this version of the software.

To check for updated documentation, visit <https://www.microfocus.com/documentation/connected-mx/>.

## Support

Visit the [MySupport portal](#) to access contact information and details about the products, services, and support that Micro Focus offers.

This portal also provides customer self-solve capabilities. It gives you a fast and efficient way to access interactive technical support tools needed to manage your business. As a valued support customer, you can benefit by using the MySupport portal to:

- Search for knowledge documents of interest
- View software vulnerability alerts
- Enter into discussions with other software customers
- Manage software licenses and support contracts
- Submit and track service requests
- Contact customer support
- View information about all services that Support offers

Many areas of the portal require you to sign in. If you need an account, you can create one when prompted to sign in. To learn about the different access levels the portal uses, see the [Access Levels descriptions](#).

# CMX Key Management Server Release Notes

**Software version:** 4.10.1

**Publication date:** February 2021

This document is an overview of the changes made to Micro Focus CMX Key Management Server (CMX-KMS). It contains important information that is not included in books or Help. You can find information about the following in this document:

[Enhancements in this release, on the next page](#)

[Open defects, on the next page](#)

[Installation, on the next page](#)

## Support matrix

For information about the installation requirements and compatibility with other products, see the *Micro Focus CMX-KMS Support Matrix*. The support matrix may be updated between releases, and so is available only from the [Connected MX documentation site](#).

The support matrix includes the following information:

- **Requirements**
  - Hardware
  - Software
  - Third-party components
- **Compatibility**
  - Languages
  - Virtualization products
  - Micro Focus software coexistence
  - Other software coexistence

## Enhancements in this release

This release contains the following enhancement.

- 
- Supports HashiCorp Vault (Enterprise and Open Source) in Azure as an alternative to a KMIP-compliant HSM.
  - Tomcat upgraded to Tomcat 9. Tomcat 7 End of Life is March 31, 2021. Tomcat 7 is automatically uninstalled if present on the KMS box. Tomcat 9 is automatically installed if not present on the KMS box.
  - No longer necessary to configure JGroups when running a standalone KMS.
- 

## Fixed defects in this release

The reference number for each fixed defect is its defect number. For more information about fixed defects, contact your Micro Focus Support representative directly.

- 
- Third-party dependency upgraded to address potential security vulnerabilities.
  - Tomcat no longer accepts TLS 1.0 and 1.1. Configured with TLS 1.2 only.
- 

## Open defects

This release does not include any open defects.

## Installation

To install CMX-KMS 4.10.1 or upgrade to it, see the *Micro Focus CMX-KMS Installation and Upgrade Guide*, available from the [Connected MX documentation site](#).

## Send documentation feedback

If you have comments about this document, you can [contact the documentation team](#) by email. If an email client is configured on this system, click the link above and an email window opens with the following information in the subject line:

**Feedback on Micro Focus Connected MX Key Management Server 4.10.1 Release Notes**

Add your feedback to the email and click **Send**.

If no email client is available, copy the information above to a new message in a web mail client, and send your feedback to [swpdl.ConnectedMx.DocFeedback@microfocus.com](mailto:swpdl.ConnectedMx.DocFeedback@microfocus.com).

We appreciate your feedback!
