

## **OpenText™ Static Application Security Testing v26.2.2**

Patch Release Notes

Document Release Date: June 23, 2026

Software Release Date: June 23, 2026

### **Products and/or Components updated with this patch**

OpenText Static Application Security Testing

### **Features not supported in this release**

**Note:** Always back up your system before installing a patch.

Removed a Windows binary for enhanced COBOL translation to align with the adoption of AI-powered SAST for COBOL analysis.

The legacy COBOL translator remains available as a fallback.

If you require the Windows binary for COBOL translation, contact Customer Support for assistance.

### **Documentation**

There are no documentation updates required for this patch. Use the latest versions of the documentation created for 26.2.0.

### **Support**

If you have questions or comments about using this product, contact Customer Support.

When contacting Customer Support, provide the following product information:

Software Version: 26.2.2

Software Release Date: June 23, 2026
