Documentation updates

The title page of this document contains the following identifying information:

- Software Version number, which indicates the software version.
- Document Release Date, which changes each time the document is updated.
- Software Release Date, which indicates the release date of this version of the software.

To verify you are using the most recent edition of a document, go to https://softwaresupport.softwaregrp.com/group/softwaresupport/search-result?doctype=online help.

This site requires you to sign in with a Software Passport. You can register for a Passport through a link on the site.

You will also receive updated or new editions if you subscribe to the appropriate product support service. Contact your Micro Focus sales representative for details.

Support

Visit the Micro Focus Software Support Online website at https://softwaresupport.softwaregrp.com.

This website provides contact information and details about the products, services, and support that Micro Focus offers.

Micro Focus online support provides customer self-solve capabilities. It provides a fast and efficient way to access interactive technical support tools needed to manage your business. As a valued support customer, you can benefit by using the support website to:

- Search for knowledge documents of interest
- Submit and track support cases and enhancement requests
- Access the Software Licenses and Downloads portal
- Download software patches
- Access product documentation
- Manage support contracts
- Look up Micro Focus support contacts
- Review information about available services
- Enter into discussions with other software customers
- Research and register for software training

Most of the support areas require you to register as a Passport user and sign in. Many also require a support contract.

You can register for a Software Passport through a link on the Software Support Online site.

To find more information about access levels, go to
https://softwaresupport.softwaregrp.com/web/softwaresupport/access-levels.

Contents

New in this Release

Media Management and Analysis Platform has been enhanced with the following features:

- Overlapping results in the timeline are now combined behind a single icon, and the preview thumbnails are stacked to show multiple previews.

Resolved Issues

There were no resolved issues in Media Management and Analysis Platform version 11.6.0.

Installation Requirements

System Requirements

This section describes the system requirements for Media Management and Analysis Platform. The Media Management and Analysis Platform must be hosted by:

- A JBoss enterprise application server (JBoss EAP 6.2.0).
- A fully compliant Java 7 or later Runtime environment.

> **NOTE:**
> Check the Red Hat JBoss EAP documentation for information on supported versions of Java Runtime for JBoss EAP 6.2.0.

Dependencies

This section describes the dependencies for Media Management and Analysis Platform:

- IDOL Media Server version 11.6.0. MMAP 11.6.0 is not compatible with earlier versions of IDOL Media Server.
- IDOL Speech Server 11.3.0 or later is required for speech-to-text functionality. In general, Micro Focus recommends that you use the same version of IDOL Speech Server as IDOL Media Server.

Minimum Server Requirements

The minimum server requirements depend on many variables, such as the frequency of requests that Media Management and Analysis Platform must serve. The following are minimum requirements but there may be additional requirements. Micro Focus recommends that you refer to the documentation for JBoss EAP 6.2.0.

- 1.4 GHz dual-core processor
- 4 GB RAM
- 20 GB free disk space
