

# IDOL Category Component

Software Version 12.4.0

Release Notes

Document Release Date: October 2019  
Software Release Date: October 2019

## Legal notices

### Copyright notice

© Copyright 2019 Micro Focus or one of its affiliates.

The only warranties for products and services of Micro Focus and its affiliates and licensors (“Micro Focus”) are set forth in the express warranty statements accompanying such products and services. Nothing herein should be construed as constituting an additional warranty. Micro Focus shall not be liable for technical or editorial errors or omissions contained herein. The information contained herein is subject to change without notice.

## Documentation updates

The title page of this document contains the following identifying information:

- Software Version number, which indicates the software version.
- Document Release Date, which changes each time the document is updated.
- Software Release Date, which indicates the release date of this version of the software.

To check for updated documentation, visit <https://www.microfocus.com/support-and-services/documentation/>.

## Support

Visit the [MySupport portal](#) to access contact information and details about the products, services, and support that Micro Focus offers.

This portal also provides customer self-solve capabilities. It gives you a fast and efficient way to access interactive technical support tools needed to manage your business. As a valued support customer, you can benefit by using the MySupport portal to:

- Search for knowledge documents of interest
- Access product documentation
- View software vulnerability alerts
- Enter into discussions with other software customers
- Download software patches
- Manage software licenses, downloads, and support contracts
- Submit and track service requests
- Contact customer support
- View information about all services that Support offers

Many areas of the portal require you to sign in. If you need an account, you can create one when prompted to sign in. To learn about the different access levels the portal uses, see the [Access Levels descriptions](#).

Resolved Issues ..... 5

Documentation ..... 6

## **New in this Release**

There were no new features in Category Component version 12.4.0.

## Resolved Issues

The following issues were resolved in IDOL Category Component version 12.4.0.

- Category could erroneously override the values of the `Clients` configuration parameter in the `[AuthorizationRoles]` sections for the `admin` and `query` `StandardRoles` with the values of the deprecated `AdminClients` and `UserClients` parameters (or their defaults).
- On Linux, when running some older versions of the Linux kernel, IDOL components could fail to connect to network ports.

# Documentation

The following documentation was updated for IDOL Category Component version 12.4.0.

- *IDOL Expert*
- *IDOL Getting Started Guide*
- *IDOL Server Reference*
- *IDOL Category Component Reference*
- *IDOL Server Administration Guide*
