Support

Visit the [MySupport portal](#) to access contact information and details about the products, services, and support that Micro Focus offers.

This portal also provides customer self-solve capabilities. It gives you a fast and efficient way to access interactive technical support tools needed to manage your business. As a valued support customer, you can benefit by using the MySupport portal to:

- Search for knowledge documents of interest
- Access product documentation
- View software vulnerability alerts
- Enter into discussions with other software customers
- Download software patches
- Manage software licenses, downloads, and support contracts
- Submit and track service requests
- Contact customer support
- View information about all services that Support offers

Many areas of the portal require you to sign in. If you need an account, you can create one when prompted to sign in. To learn about the different access levels the portal uses, see the [Access Levels descriptions](#).

New in this Release

The following new features were released in Find version 12.7.0.

- The numeric field filter view now reflects the current query filters more closely.
- When previewing a document, the **Open Original** button now works for all documents. It previously worked only for documents with URLs. Clicking it for a document without a URL now downloads the original file through View Server.
- You can now configure the available sort options for search results, and set a default sort order, by using the search configuration section.

Resolved Issues

The following issues were resolved in Find version 12.7.0.

- The numeric field filter view did not show some field values near the edges of the graph.
- When comparing saved searches, the loading indicator did not appear.

Documentation

The following documentation was updated for Find version 12.7.0.
