You may suggest a change, improvement, or new feature for the Micro Focus product you are using by submitting your suggestion on the Idea Exchange in the [Micro Focus Community](#).

Defect Support

Micro Focus will use commercially reasonable efforts to correct an error or design failure with the Software that it can reproduce on its support systems. Micro Focus will also use commercially reasonable efforts to address critical vulnerability to malicious attacks or access by providing a Software correction. However, Micro Focus may provide the correction as part of a larger Software Update instead of separately, based on the defect’s prioritization or criticality. Customers may be required to install the most recent Software, fixes, patches, or service packs as part of the troubleshooting and issue resolution process. Micro Focus may not be able to produce a correction for all defects.

Replacement License Keys

For Software that requires a license key for installation, Micro Focus will make available a replacement key for installing or reinstalling authorized licenses provided the applicable version of the Software is then

Support Delivery Languages

Severity Levels and Response Time Objectives

You will have the ability to select the Severity Level (as outlined in the table below) that most appropriately reflects your current status. Micro Focus reserves the right to reassign a Severity Level once problem diagnosis has commenced if it determines that such level has been inappropriately classified.

Severity Level ¹	1: Critical Production system is down	2: High Major feature or function failure	3: Medium Minor feature or function failure	4: Low Minor problem
Severity Level Description	Production system is down. The product is inoperable, resulting in a total disruption of work. No workaround is available.	Major functionality failure. Operations are severely restricted, although work can continue in a limited fashion. A workaround is available.	Minor functionality failure. Product does not operate as designed, resulting in a minor loss of usage. A workaround may be available.	There is no loss of service. For example, this may be a request for documentation, general information, or a Software enhancement request.
Response Time Objectives				
Micro Focus Business Support Monday–Sunday, 24x7x365 for Severity 1 ^{1,2} Business hours for Severities 2–4	1 hour	3 hours	6 hours	1 business day
Except in Japan, Standard Care will not be available for purchase as of 1 December 2018. For customers who subscribed to Standard Care 15 January 2018 or later, this Business Support Agreement will solely govern. ³

Response Time Objectives are typical initial response times to support requests. Micro Focus may not actually provide such response within the Response Time Objectives.

- ¹ 24x7x365 support will only be provided for Severity 1 issues opened by telephone or webchat. Micro Focus must be able to work with a customer contact to continue work on the issue. If the severity of the issue has been downgraded, work will continue the next business day.
- ² Certain Micro Focus products are excluded from 24x7 support. See the [Addendum to Business Support Agreement—Products excluded from 24x7x365](#)
- ³ See the [Addendum to Micro Focus Standard Care](#), for software products that receive 24x7 Support with Standard Care

Software Updates

Micro Focus will make available Software Updates generally released for the Software during the time period for which you have purchased Support. You must have a valid Support contract with Micro Focus at the time of request for any Software Update in order to be eligible to receive such Software Update. Software Updates consist solely of the following with respect to Software product releases and corresponding reference manuals and user documentation:

- “Major Version” means a Software product release with significant new or improved functionality within the same Software product bearing the same name, or with a change in delivery model. For a Software product, a Major Version is designated by a change in the

number to the left of the decimal point (e.g., from version 5.4 to 6), or a year number (e.g., from 2015 to 2016), and is released for wide distribution. A license to a Major Version of Micro Focus Acu or Extend software products is not included as a Support benefit, and so must be purchased separately.

- “Minor Version” means a Software product release with corrections or minor enhancements to the product capability of the Major Version that do not change the core functionalities or material features of the Software product. A Minor Version is designated by a change in the number to the right of the decimal point (e.g., from 5.3 to 5.4) or a release (R) or month number (e.g., GroupWise 2015 R2), and is released for wide distribution.

-
- A "Service Pack" means a Software product release for wide distribution which includes multiple corrections, and is designated by a change to the digit to the right of the second decimal (e.g., 5.3.1 to 5.3.2), or a SP# to the right of the second decimal (e.g., 5.3 SP1).
 - A "Patch" is a Software product release that includes incremental corrections and is released for wide distribution. A Patch release is designated with IP# or P# to the right of the current release, such as X.X.X IP# or P#, X.X IP# or P#, or X IP# or P#.
 - A "Hotfix" means a Software product release created to resolve specific customer problems that is available from technical support. A Hotfix may be designated as X.X.X.#.
 - For purposes of this provision, a Suite is a single part number that entitles the customer to multiple individual Software products that together form a complete solution. A Suite product release will take place when there is new or improved functionality within any of the individual software products bundled in the Suite. Suite versions are either designated by a change in the number to the left of the decimal point (e.g., from version 5.4 to 6) or a year number (e.g., from 2015 to 2016), or a year and month (e.g., 2016.11), and are released for wide distribution. A Suite release triggers a new Committed period in the Product Support Lifecycle for each product in the Suite, unless stated otherwise in our published Micro Focus Product Support Lifecycle information.

Additional Terms to the Support Agreement

In addition to the Features Summary, the following Additional Terms to the Support Agreement ("Additional Terms") apply to the Support provided to you. In the event of a conflict between these Additional Terms and the Features Summary, these Additional Terms take precedence.

1. Software Updates

A. DELIVERY OF SOFTWARE UPDATES

When Micro Focus releases Software Updates, they will be made available electronically. You may be able to select from a variety of media types.

B. INSTALLATION AND USE OF SOFTWARE UPDATES

Customer is responsible for any installation of Software Updates. Customer will be entitled to install and use a Software Update up to the number of licenses for which the Customer has purchased Support for the Software:

1. Subject to the terms of the end user license agreement (including any Additional License Authorizations) provided with or otherwise applicable to the Software Update; or
2. If no end user license agreement (or Additional License Authorization) is included with or otherwise applicable to the Software Update, then subject to the terms of the end user license agreement and Additional License Authorizations applicable to the Software version being updated.

Notwithstanding any terms to the contrary in this Support Agreement, any open source software embedded in or provided with a Software Update is licensed pursuant to the applicable open source license.

C. PLATFORM

If the Software is licensed for one specific platform (hardware/operating system combination), a Software Update for such Software is always specific to, and may only be used on, the same licensed platform. A license to use Software on a different platform, or the right to purchase such license at a discount, is not included as a Support benefit.

2. New Products

A "New Product" means a Software product release with significant changes in core architecture/ features/ functionality which result in its release as a new product. It can fully replace an existing Software product and/or diverge into a material new offering from an existing Software product line/family. A New Product is not included as a Support benefit.

3. Service Providers

Micro Focus reserves the right to use third party service providers to assist in the delivery of Support subject to the terms and conditions of this Support Agreement.

4. Hardware Support

If you have a Micro Focus Hardware Maintenance on-site agreement for hardware that was purchased with the Software, Micro Focus will log a service request to the hardware support organization on your behalf.

5. Concurrent Support

SOFTWARE UPDATES AND MIGRATIONS

Micro Focus offers Customers the ability to install and use both a Software Update or Migrated Software and the current Software product version for a limited timeframe as further specified herein from receipt of the Software Update or Migrated Software at no additional charge ("Software Concurrent Use Period").

"Migrated Software" means the software which results from a Micro Focus authorized migration from one Micro Focus software product to another Micro Focus software product.

The Software Concurrent Use Period may not extend beyond the end of Support for the current Software version. During the Software Concurrent Use Period, you may not use the Software Update or Migrated Software outside of the same environment as the current Software version. At the end of the applicable Software Concurrent Use Period, your license to the prior version of the Software is terminated and may no longer be installed.

The default Software Concurrent Use Period shall be the "Standard" period set forth below. Micro Focus may apply a longer Software Concurrent Use Period as set forth below for certain Migrated Software but only if expressly specified by Micro Focus in writing [here](#):

- **Standard:** 3 months Software Concurrent Use Period.
- **Advanced:** 6 months Software Concurrent Use Period.
- **Complex:** 12 months Software Concurrent Use Period.
- **Exceptional:** 18 months Software Concurrent Use Period.

Notwithstanding the foregoing, there shall be no Software Concurrent Use Period for the software listed here (www.microfocus.com/support-and-services/mla-product-exclusions) and Customer

may not have any such Software product and the Software Update or Migrated Software concurrently installed.

6. Purchasing and Renewal

Unless either party terminates Support in accordance with Section 14 (Term and Termination) of this Support Agreement, for so long as Micro Focus continues to offer Support for a Software product, Support will be automatically renewed. Customer shall deliver a purchase order, execute the applicable quote, or pay the applicable Support fees on or before each Renewal Date (as defined herein).

Unless there is a signed agreement between Customer and Micro Focus stating otherwise ("Renewal Exception"), any purchase or renewal of Support for a Software product must be for all of Customer's licenses of such Software product. Any unsupported software licenses under a Renewal Exception must be de-installed from Customer's computing environment within thirty (30) days of the date of the Renewal Exception or as otherwise specified in the Renewal Exception. Micro Focus agrees to limit any increases of Support fees to no more than 10% over the previous year's fees or such greater amount necessary to increase the Support fee to the then-current Support list price. If Customer reduces the number of Software licenses covered by Support, the aforementioned fee increase limit shall not apply.

If Customer allows Support to lapse or payment of the Support fee for a Renewal Period (defined herein) is not received by the due date, Micro Focus may immediately and without notice suspend provision of Support. Failure to pay or deliver a purchase order prior to the Support term start date is considered late; a late payment charge for each lapsed month will apply and Customer will no longer be eligible for the aforementioned limitation on price increases for the current and subsequent years set forth above. Customer may then reinstate Support in accordance with the Return to Support clause below.

7. Return to Support

If the Software has been on Support and Customer elects not to renew Support or allows Support to lapse for a period of time, then back-dated support and reinstatement fees will be applied, equal to the full Support fee from the date of lapse, plus a reinstatement surcharge for each lapsed month (including the month of reinstatement) in addition to 12 months fee for go-forward Support. Micro Focus will confirm the fees for reinstatement at the time the request is made for reinstatement.

8. Product Support Lifecycle

COMMITTED SUPPORT

Upon general availability to customers, Software products enter Committed Support, which allows access to online self-service Support, Software Updates, technical Support, defect Support, and the ability to submit enhancement requests. Committed Support will be provided for a designated minimum period of time.

EXTENDED SUPPORT

When a Software product exits the Committed Support period, it enters the Extended Support period. During this period, Customer may access technical Support, online self-service support and Software Updates, excluding new requests for defect Support, security corrections and enhancement requests.

Extended Support Plus: For selected Software products, "Extended Support Plus" may be purchased at an additional fee to Support upon the exit of the product from Committed Support. Extended Support Plus provides continued access to Severity Level 1 defect support and critical security Software Updates. See more information at [Extended Support Plus](#).

9. License Type Upgrades and Quantity Upgrades

License Type Upgrades and Quantity Upgrades are not part of Support. For purposes of this Support Agreement:

- a. "License Type Upgrade" means upgrading from one type of license to another. An example would be moving from a site license to an area license.
- b. "License Quantity Upgrade" means upgrading to a higher count of license. An example would be upgrading from 1000 nodes to 2500 nodes.

10. Eligibility

Customer may purchase available Support only if Customer, if requested by Micro Focus, can provide evidence that it has rightfully acquired an appropriate Micro Focus license for the Software. Micro

Focus will be under no obligation to provide Support due to any alterations or modifications to the Software not authorized by Micro Focus or for Software for which Customer cannot provide sufficient proof of a validly obtained license.

11. Local Availability

Support resources may not reside in Customer's local area. If Micro Focus agrees to provide on-site Support, it will be subject to travel charges, longer response times, reduced coverage hours, and a separate statement of work under Micro Focus's then current professional services terms.

12. Relocation

Relocation of any Software is subject to the applicable license terms for the Software and is the responsibility of Customer. Relocation of Support by Micro Focus is subject to local availability, and may result in changes to your Support fees. Reasonable advance written notice to Micro Focus of no less than thirty (30) days shall be required to begin Support after relocation. Customer may be required to execute amended or new documents as a result of relocation.

13. Auditing

Customer agrees to keep, and upon Micro Focus's request, provide records, sufficient to certify Customer's compliance with this Support Agreement based on the applicable license metric and license terms and conditions for the Software, which may include but are not limited to, serial numbers, license keys, logs, the location, model (including quantity and type of processor) and serial number of all machines on which the Software is installed or accessed or from which the Software can be accessed, the names (including corporate entity) and number of users accessing or authorized to access the Software, metrics, reports, copies of the Software (by product and version), and network architecture diagrams as they may relate to Customer's licensing and deployment of the Software and associated Support. Within 7 days of Micro Focus's written request, Customer shall furnish Micro Focus, or an independent auditor chosen at Micro Focus's sole discretion ("Auditor"), with a completed questionnaire provided by Micro Focus and with a written statement in a format required by Micro Focus signed by a director of Customer certifying the accuracy of any information provided. Customer shall provide representatives of Micro Focus or Auditor any necessary assistance and access to records and computers to allow an inspection and audit of Customer's computers and records, during Customer's normal business hours, for compliance with this Support Agreement.

If Customer has, or at any time has had, unlicensed installation, use of, or access to Software Updates or has otherwise breached the license granted for a Software Update (a "Non-Compliance"), without prejudice to any other rights or remedies Micro Focus may have, including, without limitation, injunctive relief, Customer shall, within thirty (30) days' notice of such Non-Compliance to Customer, purchase sufficient licenses and or subscriptions and associated Support to cure the Non-Compliance, by paying Micro Focus's then-current (as of the date of such additional purchase) list license fees and annual Support fees for such additional licenses, plus Micro Focus's then-current (as of the date of such additional purchase) list term license and Support fees and interest (compounded at 1.5% monthly or the maximum rate permitted by applicable law if lower) for such additional licenses for the time period from the commencement of the Non-Compliance until payment with interest payable even if an invoice was not issued at the time the Non-Compliance occurred. If a material license shortfall of 5% or more is found, Customer shall also reimburse Micro Focus for the reasonable cost of such audit in addition to other amounts due. This section, and the rights and obligations appearing herein, shall expressly survive termination of this Support Agreement.

14. Term and Termination

This Support Agreement will commence on the date when Micro Focus receives Customer's order for the Support or, if later, upon delivery (either via physical shipment or making the Software available for download) to Customer of the Software. This Support Agreement will continue for an initial term of one (1) year unless a different initial term is agreed to in writing by the parties (such as in a separately executed master agreement). Subject to section 18 below, this Support Agreement will automatically renew at the end of each term (the "Renewal Date") for a period of one (1) year, or a different period if agreed to in writing by the parties ("Renewal Period") unless either party gives notice in writing at least ninety (90) days prior to the end of the then current term that it does not wish to renew. In addition to and without waiving any other available remedies, either party may terminate this Support Agreement upon written notice to the other for a material breach that is not cured within thirty (30) days of notice of such breach. If Customer is late in making payment, Micro Focus may suspend Support until payment is made. Such suspension shall not relieve Customer from the obligation to pay the Support fee, the reinstatement fee, or any other applicable charges. Upon termination of the end user license for a Software product under Support, this Support Agreement shall also automatically be terminated in relation to that Software product.

15. Exclusions

Micro Focus is not obligated to provide Support under circumstances resulting from:

- a. Improper site preparation, or site or environmental conditions that do not conform to Micro Focus site specifications;
- b. Customer's non-compliance with Micro Focus's specifications, statements of work or this Support Agreement;
- c. Customer's improper or inadequate upkeep of the Software environment;
- d. Use in conjunction with Customer's or third-party's media, software, interfacing, supplies, or other products;

- g. Abuse, negligence, accident, loss or damage in transit, fire or water damage, electrical disturbances, transportation by Customer or other causes beyond the reasonable control of Micro Focus.

16. Use of Micro Focus Service Tools for Support

Micro Focus may require Customer's use of certain Micro Focus hardware and/or software system and network diagnostic and maintenance programs ("Proprietary Service Tools") as well as certain diagnostic tools that may be included as part of the Customer's system, for delivery of support. Proprietary Service Tools are and remain the sole and exclusive property of Micro Focus, or its licensors, are provided "as is", and may include remote fault management software or network support tools. Proprietary Service Tools may reside on the Customer's systems or sites. Any open source software embedded in or provided with the Proprietary Service Tools is licensed pursuant to the applicable open source license.

Customer may only use the Proprietary Service Tools during the applicable Support coverage period and only as allowed by Micro Focus. Customer may not sell, transfer, assign, pledge or in any way encumber or convey the Proprietary Service Tools. Upon termination of this Support Agreement, Customer will return the Proprietary Service Tools to Micro Focus or allow Micro Focus to remove these Proprietary Service Tools.

The Software may contain functionality (“Usage Hub”) that allows Micro Focus to remotely track data related to your use of the Software. The Usage Hub will only be enabled if you configure the Software product to send data to Micro Focus through the user interface. If the Usage Hub is enabled, Micro Focus will use the data transmitted for the following purposes: (i) to help the Micro Focus Support team handle support incidents more efficiently; (ii) to provide guidance to you regarding how to optimize your use of the Software product; and (iii) to make available reports with entitlement and consumption information. The data collected via the Usage Hub will not contain any Personal Data (as defined herein).

In order for Micro Focus to provide Support, Customer agrees to perform the following as needed:

- a. Allow Micro Focus to keep the Proprietary Service Tools resident on Customer’s systems or sites during the troubleshooting process and assist Micro Focus in running them;
- b. Install updates and patches to Proprietary Service Tools;
- c. Use the electronic data transfer capability to inform Micro Focus of events identified by the Software;
- d. Utilize Micro Focus-specified remote connection hardware for systems with remote diagnosis service;
- e. Provide remote connectivity through an approved communications line;
- f. **Data Backup**—To reconstruct lost or altered Customer files, data or programs, Customer must maintain a separate backup system or procedure that is not dependent on the Software;
- g. **Temporary Workarounds**—Customer will implement temporary procedures or workarounds provided by Micro Focus while Micro Focus works on permanent solutions;
- h. Notify Micro Focus if Customer uses Software in an environment that poses a potential health or safety hazard to Micro Focus employees or subcontractors. Micro Focus may require Customer to maintain the Software under Micro Focus supervision and may postpone service until Customer remedies such hazards;
- i. Create and maintain a list of all Software under Support including the location of the Software and coverage levels. Customer shall keep the list updated during the applicable Support period; and
- j. Include appropriate Micro Focus trademark and copyright notices, for any Micro Focus documentation that has been copied.

17. Payment

Support fees are non-refundable and Customer hereby agrees to pay all such fees by the earlier of (i) 30 days from the date of invoice, or (ii) for fees for a Renewal Period, by the Renewal Date. All fees shall be paid in the currency indicated on the invoice. Late payments of invoiced charges will accrue interest at the rate of 1.5% per month compounded or, if lower, the highest rate permitted by law. Micro Focus shall have the right to recover from Customer any collection costs (including attorney’s fees) incurred by Micro Focus as a result of any late payment. The fees are exclusive of all applicable taxes. Customer will pay and bear the liability for taxes associated with this Support Agreement, including sales, use, excise, and added value taxes but excluding taxes based upon Micro Focus’s net income, capital, or gross receipts, or any withholding taxes imposed as required by law. If Customer is required to withhold taxes, it will furnish Micro Focus with receipts and documentation substantiating such payment. If Micro Focus is required by law to remit any tax or duty on Customer’s behalf, Customer agrees to reimburse Micro Focus within 30 days after notification in writing of such remittance. Customer will provide Micro Focus with valid tax exemption certificates in advance of any remittance otherwise required to be made by Micro Focus on Customer’s behalf where such certificates are applicable.

18. Changes

Micro Focus may, upon written notice prior to any Renewal Period, discontinue Support for a product, alter the prices as per clause 7 above, or alter terms for Support in advance of such new Renewal Period. Any such discontinuance or alterations will be deemed to amend this Support Agreement, effective beginning the next Renewal Period.

19. Limitation of liability

- a. NOTHING HEREIN SHALL LIMIT EACH PARTY’S LIABILITY FOR FRAUD OR FOR DEATH OR PERSONAL INJURY RESULTING FROM ITS NEGLIGENCE, OR TO ANY EXTENT NOT PERMITTED BY LAW.
- b. SUBJECT TO CLAUSE 19(A) ABOVE, NEITHER MICRO FOCUS NOR ITS SUPPLIERS SHALL BE LIABLE FOR:

MICRO FOCUS DOES NOT WARRANT THAT THE SUPPORT, SERVICES OR ANY DELIVERABLES WILL BE WITHOUT DEFECT OR ERROR.

21. Confidentiality

The party receiving Confidential Information may only use it for the purposes of this Support Agreement and will exercise reasonable care to protect any Confidential Information from unauthorized disclosure or use. The receiving party may disclose Confidential Information only to its employees or agents that are obligated to comply with these confidentiality obligations. "Confidential Information" means any information that (i) is marked in writing as confidential, or (ii) if disclosed orally or visually, is designated orally at the time of disclosure as "confidential," or (iii) ought reasonably to be regarded as confidential having regard to its nature and purpose. Confidential Information will not include information (a) already in the receiving party's possession without obligation of confidence; or (b) independently developed by the receiving party; or (c) that becomes available to the general public without breach of this clause; or (d) rightfully received by the receiving party from a third party without obligation of confidence; or (e) released for disclosure with the disclosing party's written consent. Confidential Information may be disclosed by a party if required to be disclosed by law, regulation, or court order provided that, to the extent permitted by law and reasonably feasible under the circumstances, the receiving party provides to the disclosing party prior written notice of the intended disclosure and

an opportunity to respond or object to the disclosure, and cooperates with the disclosing party, at the disclosing party's reasonable request and expense, in any lawful action to contest or limit the scope of such required disclosure. These confidentiality obligations will survive 5 years after Support Agreement termination and survive indefinitely as to Confidential Information that constitutes trade secret information under applicable law or contains Personal Data (as defined below).
