Fortify SCA Quick Start Basic

Micro Focus Fortify SCA Quick Start Basic Services will maximize the value of your Fortify Static Code Analyzer investment.

Overview
Micro Focus Fortify Static Code Analyzer (SCA) Quick Start Services are designed to facilitate implementations of Micro Focus Fortify Software solutions and maximize customer value. The Micro Focus Fortify SCA Quick Start Service provides cost-effective Services for the implementation of solutions leveraging Micro Focus Fortify SCA. Installation and configuration of the aforementioned components by a trained Micro Focus Security Services specialist is included in this service.

Micro Focus Fortify SCA Quick Start Basic Service (“Service”) focuses on the implementation of the “Static analysis”, “Remediation”, and “Vulnerability management” of the architecture in Figure 1.

Service Implementation
The Service provides for the initial, short track implementation of the Micro Focus Fortify Solution into a Customer’s environment and results in a scan of a Customer Target Application (“Application”).

During the Service, an expert Micro Focus Security Services specialist will enable the members of the team responsible for the development of the Application, so that they can:
- Produce SCA scans
- Triage scans results to identify and prioritize security vulnerabilities
- Incorporate the Micro Focus Fortify Solution into the development process

Service Planning and Deployment
The Micro Focus Security Services specialist will schedule the delivery of This Service at a time mutually agreed upon between Micro Focus and the customer, which shall be during local Micro Focus standard business hours, excluding holidays, unless otherwise agreed by Micro Focus.

Any services provided outside of standard business hours will be subject to additional charges.

The Micro Focus Security Services specialist may perform following activities that may include:
- Facilitate the kick-off meeting, in which the Target Application and Target Application Development Team are identified.
- Conduct a Solution Architecture Workshop, in which the solution architecture is documented.
- Attendees will include:
  - Project sponsor and Customer Project Manager
  - Representatives from the Target Application Development Team
  - Representatives from Customer Security Team

Quick View
Micro Focus Fortify Static Code Analyzer (SCA) Quick Start Services are designed to facilitate implementations of Micro Focus Fortify Software solutions and maximize customer value.
Actions will include:
- Discuss Customer’s security policies and secure coding standards
- Discuss Customer’s development organization and process
- Discuss Customer’s security organization and process
- Discuss Micro Focus Fortify integration points
- Present Micro Focus Fortify product overview
- Discuss Reporting and Metrics
- Discuss and prepare the Micro Focus Fortify Developer Workshop
- Discuss the way forward

Micro Focus Fortify Infrastructure preparation and verification
- Install, configure, and deploy SSC
- Install, configure, and deploy SCA
- Integrate SCA with Build System
- Base-line scan of the Target Application
- Create Software Security Metrics
- Conduct Micro Focus Fortify Developer Workshop
- Provide Micro Focus Fortify Mentoring
- Quick Start conclusion meeting

This service will be delivered under the following assumptions and dependencies:
- Micro Focus and Customer agree these services include no deliverables
- The service is applicable for one Target Application and one Application Development Team for that Target Application
- The Target Application is built as a single unit with 500,000 or fewer lines of code
- The Target Application is developed in programming language(s) supported by Micro Focus Fortify SCA, and uses libraries and packages supported by Micro Focus Fortify SCA

The Micro Focus Fortify Target Application Developer Workshop will be for a maximum of 12 students and course examples will be in a programming language supported by Micro Focus Fortify SCA

The Micro Focus Security Services specialist will be available to answer questions during the onsite or remote portions of the service delivery.

Service Eligibility
The customer must provide the following for delivery of this service:
- Hardware and software requirements to support the Micro Focus Fortify Solution as per the latest available system requirements for Micro Focus Fortify software products. Typically, components include:
  - SCA Scan Server, with 64 bit OS and 8–32 GB RAM
  - SSC Server, with 64 bit OS and 4–8 GB RAM
  - Supported database
  - Supported Web Application Server to run SSC
  - A clone of the existing build environment for the Target Application
  - One or more developer workstations
- All information required in the completed pre-installation customer questionnaire
- For any onsite or remote services delivery, any requisite access to the customer’s network and servers including but not limited to VPN token and client software, server names and IP addresses, and administrative user names and passwords.
- The customer will be responsible for all applicable data backup

Service Limitations
This service will be delivered as a single, continuous event. Environments requiring multiple engagements or phases over longer periods of time are not included in this service, but can be accommodated at additional cost through a Statement of Work. Activities such as, but not limited to, the following are excluded from this service:
- Installation and configuration of Micro Focus software appliances
- Racking of appliances or servers
- Performance testing or modeling services that, in the opinion of Micro Focus, are required due to unauthorized attempts by non-Micro Focus personnel to install, repair, maintain, or modify hardware, firmware, or software
- This service offering does not include the sale of additional Micro Focus products or support services, which shall require the necessary terms and conditions for such purchase pursuant to separate agreement between the parties.
- The services described in this document do not include delivery of services provided by Micro Focus Software Support, including fixing of software bugs. Customer is responsible for maintaining a valid support contract with Micro Focus and contacting Micro Focus Support for support-related issues.
- Services required due to causes external to the Micro Focus-maintained hardware or software
- Any services beyond the license limitations of the included products
- In addition, the customer will be responsible for all applicable data backup.

Customer Responsibility
- Contact a Micro Focus Security Services specialist within 90 days of the date of purchase to schedule the delivery of the Service
- Coordinate Service deployment on third-party-maintained hardware/software (if applicable) with Micro Focus
Assign a designated person from the customer’s staff who, on behalf of the customer, will grant all approvals, provide information, attend meetings, and otherwise be available to assist Micro Focus in facilitating the delivery of this Service.

Ensure access to architect and lead developer familiar with the Target Application source code, build process, and build system.

Ensure access to system administrators for the set-up of the Micro Focus Fortify infrastructure, including but not limited to Database Server, Web Application Server, Bug Tracking System, LDAP, and Build System.

Ensure Access to lead developer(s) to be trained as Project Security Leads familiar with the Target Application source code and build process.

Ensure that all Service prerequisites as identified in the Service Eligibility section are met.

Ensure the availability of all hardware, firmware, and software required by the Micro Focus Security Services specialist to deliver this Service.

Retain and provide to Micro Focus upon request all original software licenses, license agreements, license keys, and subscription service registration information, as applicable for this Service.

The customer shall provide reasonable access and working space at the site as Micro Focus may reasonably request. The customer will provide Micro Focus and Micro Focus subcontractor staff standard telephone and dial-up or comparable data access to Micro Focus’ Network at industry standard speeds. Micro Focus shall observe the customer work rules and security and safety policies while performing Micro Focus Services at the site of which Micro Focus is informed of in writing in advance and that are not inconsistent with Micro Focus’ own business practices.

Additional work area requirements may include but is not limited to:

- Personal computer to run SCA for each student preloaded with student’s normal development environment.
- Projector with appropriate screen.
- Whiteboard with markers and wiper.

**Duration**

Delivery of this Service will not exceed a total of 40 continuous service hours and may be performed remotely, onsite, or using a combination of remote and onsite. This Service includes up to one onsite visit by the Micro Focus Security Services specialist.

**Terms**

This offering consists of a consulting and training effort and is governed by the Micro Focus Customer Terms. All capitalized terms used in this Data sheet, but not otherwise defined, will have the meaning assigned to them in the Terms. For purposes of this Data sheet, “services” mean consulting, integration, professional services or technical services performed by Micro Focus under this Data sheet. Services excludes hardware maintenance and repair, software maintenance, education services, or other standard support services provided by Micro Focus, software as a service, and outsourcing services.

Acceptance of Deliverables occurs upon delivery.

**Hiring of Employees.** You agree not to solicit, or make offers of employment to, or enter into consultant relationships with, any Micro Focus employee involved, directly or indirectly, in the performance of services hereunder for one (1) year after the date such employee ceases to perform services under the terms of this Data sheet. You shall not be prevented from hiring any such employee who responds to a general hiring program conducted in the ordinary course of business and not specifically directed to such Micro Focus employees.

**Authorization to Install Software.** During the provision of services, Micro Focus may be required to install copies of third-party or Micro Focus-branded software and be required to accept license terms accompanying such software ("Shrink-Wrap Terms") on your behalf. Shrink-Wrap Terms may be in electronic format, embedded in the software, or contained within the software documentation. You hereby acknowledge that it is your responsibility to review Shrink-Wrap Terms at the time of installation, and hereby authorizes Micro Focus to accept all Shrink-Wrap Terms on its behalf.

**Intellectual Property.** Micro Focus may provide Micro Focus tools, templates, and other pre-existing intellectual property of Micro Focus during the course of providing services ("Micro Focus Pre-existing IP"). Micro Focus Pre-existing IP does not include, nor is considered a part of, either the Deliverables or Micro Focus software products. Micro Focus retains all intellectual property ownership rights in such Micro Focus Pre-existing IP. All Micro Focus Pre-existing IP is Micro Focus Confidential Information. Micro Focus Pre-existing IP may be governed by additional license terms that are embedded in the Micro Focus Pre-existing IP.

**Payment and Validity**

This offering will be pre-billed. You agree to pay invoiced amounts within thirty (30) days of the invoice date. If applicable, you must schedule delivery of the offering to be completed within a period of one (1) year from the date of purchase. Notwithstanding the previous sentence, Micro Focus’ obligations to deliver...
the offering under this Data sheet are considered fulfilled and your rights of receipt of the offering under this Data sheet will expire one (1) year from the date of purchase.

Pricing for the offering may vary by country.

Cancellation
To avoid a Cancellation Fee as defined herein, you shall notify Micro Focus in writing of cancellation or rescheduling at least ten (10) business days prior to the offering start date. Cancellations or rescheduling with less than ten (10) business days notification will incur 100% of the offering fee ("Cancellation Fee"). If you cancel with ten (10) or more business days in advance of scheduled delivery, you may reschedule only if delivery will be complete within one year from the purchase date.

Change in Scope
Changes in scope are not allowed. You can request additional or different services, if available and at additional cost, through a statement of work or change order.
