

Novell® Nsure™ Identity Manager 2.0.1, Standard Edition
Novell® Nsure™ Identity Manager 2.0.1, Professional Edition
Novell® Nsure™ Identity Manager Driver Module 2.0.1

Novell Software License Agreement

PLEASE READ THIS AGREEMENT CAREFULLY. BY INSTALLING OR OTHERWISE USING THE SOFTWARE, YOU AGREE TO THE TERMS OF THIS AGREEMENT. IF YOU DO NOT AGREE WITH THESE TERMS, DO NOT DOWNLOAD, INSTALL OR USE THE SOFTWARE. THE SOFTWARE MAY NOT BE SOLD, TRANSFERRED, OR FURTHER DISTRIBUTED EXCEPT AS AUTHORIZED BY NOVELL.

This Novell Software License Agreement ("Agreement") is a legal agreement between You (an entity or a person) and Novell, Inc. ("Novell"). The applicable software product identified in the title of this Agreement, media (if any) and accompanying documentation (collectively the "Software") is protected by the copyright laws and treaties of the United States ("U.S.") and other countries and is subject to the terms of this Agreement. If You do not agree with the terms of this Agreement, do not download, install or otherwise use the Software and, if applicable, return the entire unused package to the reseller with Your receipt for a refund. The Software is licensed to You, not sold.

The Software may include or be bundled with other software programs licensed under different terms and/or licensed by a licensor other than Novell. Use of any software programs accompanied by a separate license agreement is governed by that separate license agreement. Any third party software that may be provided with the Software is included for use at Your option. Novell is not responsible for any third party's software and shall have no liability for Your use of third party software.

LICENSED USE

"Engine" means the components of the Software that manage the operations of the Nsure Integration Modules, drivers provided through Novell consulting services, and/or third-party drivers.

"Fan-Out Capability" means the capability enabled by installing any Nsure Identity Manager ("IDM") driver or collection of IDM drivers in "Fan-Out" mode.

"Platform Services" means the components of the Software which are installed on the target systems to enable Fan-Out Capability.

"Nsure Integration Module" means any Nsure Identity Manager ("IDM") driver or collection of IDM drivers available on Novell's standard, published price list (including third party drivers on Novell's price list but excluding drivers provided through Novell consulting services) and that is purchased either directly or indirectly from Novell. "Identity" means a directory object or entry (such as a user or other object) in a directory tree that contains data representing a single person, device, or resource and (a) has access to or use rights to any portion of the Software, or (b) has access to or use rights to products (devices, hardware, or software) being managed by the Software, regardless of whether the directory object is assigned to a person, device, or resource. Identities representing the same person or device that are linked to each other within a single directory tree and/or linked across multiple directory trees count as only one Identity.

"Server" means a system with a central processing unit (CPU), or group of CPUs, which provides access to shared resources on either physical servers or virtual servers.

COMMERCIAL SOFTWARE LICENSE.

The Software is comprised of an Engine and/or one or more Nsure Integration Module(s), which are licensed separately. Use of each of these components of the Software requires purchase of the applicable licenses. You must purchase at least one Identity license or Instance license in order to access any portion of the Engine. Purchase of additional licenses may be required depending on Your use of the Software and whether you have purchased licenses to the Software on an Identity model basis or an Instance model basis. Use of any software programs accompanied by a separate license agreement shall be governed by that separate license agreement.

Identity Model You must acquire an Identity license for each Nsure Integration Module accessed (or which has rights to be accessed) by each Identity. You must obtain an Identity license for each Identity which accesses (or which has rights to access) the Engine. Provided that You have complied with the above requirements, You are licensed to install and use the Software. **Fan-Out Capability.** If You have installed an Nsure Integration Module with Fan-Out Capability and have purchased licenses under the Identity model, then You must also purchase a Platform Services license for each target system on which the Platform Services are installed.

Instance Model. You must acquire an Instance license for each installation of the Engine and for each additional copy (or partial copy) of the Engine stored or loaded in memory or virtual memory beyond the initial copy necessary for execution of the Engine installed on a Server. In addition, for each installation of the Engine, You must acquire an Instance license for each Distinct Nsure Integration Module accessed (or which has rights to be accessed) by the Identities. A "Distinct Nsure Integration Module" is any Nsure Integration Module sold by Novell on a standalone basis. Provided that You have complied with the above requirements, You are licensed to install and use the Software.

Novell eDirectory™ License. One of the following licenses applies to the Novell eDirectory Software included with the

Software depending on whether You have purchased licenses to the Novell Nsure Identity Manager Software on an Instance basis or on an Identity basis.

Novell eDirectory Identity Model License. If You have purchased licenses to the Software on an Identity basis, then the quantity of Identity licenses for the Novell eDirectory software included with Your lawfully acquired licenses of the Novell Nsure Identity Manager Software is equal to the greater of (1) the quantity of licenses You have lawfully acquired for the Novell Nsure Identity Manager Software, or (2) 250,000 per entity/company (regardless of how many individual Software licenses You have purchased that include a license to use eDirectory software). Identities created by the Novell Nsure Identity Manager Software to support the Software's core functionality, such as workstation objects created by Identity Manager, do not require an Identity license. The term "Identity" is defined in the license agreement accompanying the eDirectory software.

Novell eDirectory Instance Model License. If You have purchased licenses to the Software on an Instance basis, then Your license to use the eDirectory software in direct support of the Novell Nsure Identity Manager Software licensed functionality is unlimited. However, You may only use the eDirectory software as a general-purpose LDAP directory for up to 250,000 Identities within Your entire entity (company or government agency). For each Identity in excess of 250,000, You must purchase an additional license. The term "Identity" is defined in the license agreement accompanying the eDirectory software.

STAGING SOFTWARE LICENSE.

Provided that You are in compliance with the terms of this Agreement, You are authorized to use the Software in Your internal, non-production environment for testing purposes only up to the number of Your Instance, Identity, and/or Platform Services commercial licenses.

EVALUATION SOFTWARE LICENSE.

If the Software is an evaluation version or is provided to You for evaluation purposes, then Your license to use the Software is limited solely to internal evaluation purposes in accordance with the terms of the evaluation offering under which You received the Software and expires 90 days from installation (or such other period as indicated by the Software) and the Software may cease to function. Upon expiration of the evaluation period, You must discontinue use of the Software, return to an original state any actions performed by the Software, and delete the Software entirely from Your system. The Software may contain an automatic disabling mechanism that prevents its use after a certain period of time, so You should back up Your system and take other measures to prevent any loss of files or data. Use of the Software is entirely at Your own risk.

RESTRICTIONS

License Restrictions. Novell reserves all rights not expressly granted to You. You may not: (1) increase, by any means whatsoever, the number of connections supported by the Software and licensed to You or support more than one connection or user through a single connection; (2) reverse engineer, decompile, or disassemble the Software except and only to the extent it is expressly permitted by applicable law; (3) modify, alter, rent, timeshare or lease the Software or sublicense any of Your rights under this Agreement; or (4) transfer the Software or Your license rights under this Agreement, in whole or in part.

Suite Licenses. If Your license to use the Software is for a suite of products, then only one user may use all products in the suite (unless otherwise indicated by the Software). The suite license does not allow use of individual products in the suite by multiple users.

Upgrade Protection. If You purchased upgrade protection or maintenance under a Novell program for this Software, the upgrade protection or maintenance only entitles You to upgrades of the Software as a whole and does not entitle You to upgrades of any component programs or products bundled with the Software or any individual suite products if the Software is licensed as a suite of products. You may separately purchase upgrade protection or maintenance for individual components of the Software if permitted by the applicable Novell policies. If You have purchased upgrade protection for the Software licenses with which You received the Novell eDirectory Software, the licenses granted in this Agreement also apply to any upgrades of Novell eDirectory software that Novell makes commercially available during the period for which You have purchased the upgrade protection. The foregoing Novell eDirectory licenses are not upgradeable and are otherwise subject to the license agreement accompanying the Novell eDirectory software.

Upgrade License. This section applies to You if the Software is an upgrade version or is provided to You as an upgrade. "Original Product" means the product from which You are upgrading. You are authorized to use the Software only if You are the sole and original, authorized user of the Original Product and You meet the following conditions: (1) You have acquired the right to use the Software solely to replace the Original Product that You acquired legally and that qualified to be upgraded with the Software under the Novell policies existing at the time You acquired the Software; (2) You installed and used the Original Product in accordance with the terms and conditions of the applicable license agreement; (3) At the time You acquired the Original Product, You acquired a complete and authentic copy of the Original Product, including all disks and manuals, and not simply a master or license disk; (4) You have not acquired the Original Product as scrap or through a second hand purchase from a dealer, distributor or another end user; (5) You will permanently discontinue use of the Original Product within sixty (60) days of installation of the Software; and (6) You will not sell or otherwise transfer possession of the Original Product.

Additive License. This section applies to You if You are acquiring the Software to add additional licenses to a previously

acquired product (referred to below as the "Base Product"). You are authorized to use the Software only if You are the sole and original, authorized user of the Base Product and You meet the following conditions: (1) You have acquired the right to use this Software solely to add additional licenses to the Base Product that You acquired legally; (2) At the time You acquired the Base Product, You acquired a complete and authentic copy of the Base Product, including all disks and manuals, and not simply a master or license disk; and (3) You have not acquired the Base Product as scrap or through a second hand purchase from a dealer, distributor or another end user.

Support Novell has no obligation to provide support for the Software. For more information on Novell's current support offerings, see <http://support.novell.com>.

OWNERSHIP RIGHTS

No title to or ownership of the Software is transferred to You. Novell and/or its licensors owns and retains all title and ownership of all intellectual property rights in the Software, including any adaptations or copies. You acquire only a license to use the Software.

LIMITED WARRANTY

For ninety (90) days from Your date of purchase, Novell warrants that (1) any media on which the Software is delivered is free from physical defects; and (2) the Software will substantially conform to the documentation accompanying the Software. If the defective items are returned to Novell or if You report the nonconformity to Novell within ninety (90) days from the date of purchase, Novell will at its sole discretion either resolve the nonconformity or refund the license fees You paid for the Software. Any misuse or unauthorized modification of the Software voids this warranty. THE FOREGOING WARRANTY IS YOUR SOLE AND EXCLUSIVE REMEDY AND IS IN LIEU OF ALL OTHER WARRANTIES, EXPRESS OR IMPLIED. (The foregoing warranty does not apply to Software provided free of charge. SUCH SOFTWARE IS PROVIDED "AS IS" WITHOUT ANY WARRANTIES OF ANY KIND.)

THE SOFTWARE IS NOT DESIGNED, MANUFACTURED OR INTENDED FOR USE OR DISTRIBUTION WITH ON-LINE CONTROL EQUIPMENT IN HAZARDOUS ENVIRONMENTS REQUIRING FAIL-SAFE PERFORMANCE, SUCH AS IN THE OPERATION OF NUCLEAR FACILITIES, AIRCRAFT NAVIGATION, COMMUNICATION, OR CONTROL SYSTEMS, DIRECT LIFE SUPPORT MACHINES, WEAPONS SYSTEMS, OR OTHER USES IN WHICH FAILURE OF THE SOFTWARE COULD LEAD DIRECTLY TO DEATH, PERSONAL INJURY, OR SEVERE PHYSICAL OR ENVIRONMENTAL DAMAGE.

THE SOFTWARE IS ONLY COMPATIBLE WITH CERTAIN COMPUTERS AND OPERATING SYSTEMS. THE SOFTWARE IS NOT WARRANTED FOR NON-COMPATIBLE SYSTEMS. Call Novell or Your dealer for information about compatibility.

Non-Novell Products. The Software may include or be bundled with hardware or other software programs licensed or sold by a licensor other than Novell. NOVELL DOES NOT WARRANT NON-NOVELL PRODUCTS. ANY SUCH PRODUCTS ARE PROVIDED ON AN "AS IS" BASIS. ANY WARRANTY SERVICE FOR NON-NOVELL PRODUCTS IS PROVIDED BY THE PRODUCT LICENSOR IN ACCORDANCE WITH THE APPLICABLE LICENSOR WARRANTY.

EXCEPT AS OTHERWISE RESTRICTED BY LAW, NOVELL DISCLAIMS AND EXCLUDES ANY AND ALL IMPLIED WARRANTIES INCLUDING ANY WARRANTIES OF MERCHANTABILITY, TITLE, NON-INFRINGEMENT, OR FITNESS FOR A PARTICULAR PURPOSE. NOVELL MAKES NO WARRANTY, REPRESENTATION OR PROMISE NOT EXPRESSLY SET FORTH IN THIS LIMITED WARRANTY. NOVELL DOES NOT WARRANT THAT THE SOFTWARE WILL SATISFY YOUR REQUIREMENTS OR THAT THE OPERATION OF THE SOFTWARE WILL BE UNINTERRUPTED. Some jurisdictions do not allow certain disclaimers and limitations of warranties, so portions of the above limitations may not apply to You. This limited warranty gives You specific rights and You may also have other rights which vary from state to state.

LIMITATION OF LIABILITY

(a) Consequential Losses. NEITHER NOVELL NOR ANY OF ITS LICENSORS, SUBSIDIARIES, OR EMPLOYEES WILL IN ANY CASE BE LIABLE FOR ANY SPECIAL, INCIDENTAL, CONSEQUENTIAL, INDIRECT, TORT, ECONOMIC OR PUNITIVE DAMAGES ARISING OUT OF THE USE OF OR INABILITY TO USE THE SOFTWARE, INCLUDING WITHOUT LIMITATION LOSS OF PROFITS, BUSINESS OR DATA, EVEN IF ADVISED OF THE POSSIBILITY OF THOSE DAMAGES.

(b) Direct Damages. IN NO EVENT WILL NOVELL'S AGGREGATE LIABILITY FOR DIRECT DAMAGES TO PROPERTY OR PERSON (WHETHER IN ONE INSTANCE OR A SERIES OF INSTANCES) EXCEED 1.25 TIMES THE AMOUNT PAID BY YOU FOR THE SOFTWARE OUT OF WHICH SUCH CLAIM AROSE [OR \$50 (U.S.) IF YOU RECEIVED THE SOFTWARE FREE OF CHARGE]. The above exclusions and limitations will not apply to claims relating to death or personal injury. In those jurisdictions that do not allow the exclusion or limitation of damages, Novell's liability shall be limited or excluded to the maximum extent allowed within those jurisdictions.

GENERAL TERMS

Term. This Agreement becomes effective on the date You legally acquire the Software and will automatically terminate if You breach any of its terms. Upon termination of this Agreement, You must destroy the original and all copies of the Software or return them to Novell and delete the Software from Your systems.

Benchmark Testing. This benchmark testing restriction applies to You if You are a software developer or licensor or if You are performing testing on the Software at the direction of or on behalf of a software developer or licensor. You may not, without Novell's prior written consent not to be unreasonably withheld, publish or disclose to any third party the results of any benchmark test of the Software. If You are a licensor of products that are functionally similar to or compete with the Software ("Similar Products"), or are acting on behalf of such a licensor, and You publish or disclose benchmark information on the Software in violation of this restriction, then notwithstanding anything to the contrary in the Similar Product's end user license agreement, and in addition to any other remedies Novell may have, Novell shall have the right to perform benchmark testing on Similar Products and to disclose and publish that benchmark information and You hereby represent that You have authority to grant such right to Novell.

Open Source. Nothing in this Agreement shall restrict, limit or otherwise affect any rights or obligations You may have, or conditions to which You may be subject, under any applicable open source licenses to any open source code contained in the Software.

Transfer. This Agreement may not be transferred or assigned without the prior written approval of Novell.

Law and Jurisdiction. This Agreement is governed by the laws of the State of Utah, U.S. Any action at law relating to this Agreement may only be brought before the courts of competent jurisdiction of the State of Utah. If, however, Your country of principal residence is a member state of the European Union or the European Free Trade Association, this Agreement is governed by the laws of that country, and any action at law may only be brought before a court of competent jurisdiction of that country.

Entire Agreement. This Agreement and the Upgrade/Additive Agreement (if applicable) sets forth the entire understanding and agreement between You and Novell and may be amended only in a writing signed by both parties. NO LICENSOR, DISTRIBUTOR, DEALER, RETAILER, RESELLER, SALES PERSON, OR EMPLOYEE IS AUTHORIZED TO MODIFY THIS AGREEMENT OR TO MAKE ANY REPRESENTATION OR PROMISE THAT IS DIFFERENT FROM, OR IN ADDITION TO, THE TERMS OF THIS AGREEMENT.

Waiver. No waiver of any right under this Agreement will be effective unless in writing, signed by a duly authorized representative of the party to be bound. No waiver of any past or present right arising from any breach or failure to perform will be deemed to be a waiver of any future right arising under this Agreement.

Severability. If any provision in this Agreement is invalid or unenforceable, that provision will be construed, limited, modified or, if necessary, severed, to the extent necessary, to eliminate its invalidity or unenforceability, and the other provisions of this Agreement will remain unaffected.

Export Compliance. Any person or entity exporting or re-exporting Novell products directly or indirectly and via any means, including electronic transfer, is wholly responsible for doing so in accordance with the U.S. Export Administration Regulations and the laws of host countries. Novell assumes no responsibility or liability for Your failure to obtain any necessary export approvals. Approvals are dependent upon an item's technical characteristics, the destination, end-use and end-user, as well as other activities of the end user. Specifically, no Novell product may be exported to embargoed or otherwise restricted countries or end users. Please consult the Bureau of Industry and Security web page and other sources before exporting Novell products from the U.S. and familiarize Yourself with the laws of destination countries before re-exporting Novell products. This provision shall survive the expiration or earlier termination of this Agreement. Please refer to the export matrix for Novell products for more information on exporting Novell Software. You can download a copy from <http://www.novell.com/info/exports/> or obtain a copy from Your local Novell office.

U.S. Government Restricted Rights. Use, duplication, or disclosure by the U.S. Government is subject to the restrictions in FAR 52.227-14 (June 1987) Alternate III (June 1987), FAR 52.227-19 (June 1987), or DFARS 252.227-7013 (b)(3) (Nov 1995), or applicable successor clauses. Contractor/ Manufacturer is Novell, Inc., 1800 South Novell Place, Provo, Utah 84606.

Other. The application of the United Nations Convention of Contracts for the International Sale of Goods is expressly excluded.
