When you need the best possible care for your complex environment, turn to Micro Focus® Premium Support. With Premium Support, you get people on your side who are as immersed and invested in your world as you are. The leading experts in the industry become an extended part of your team. Build a team of named and dedicated support experts that understand your business—helping you to optimize even the most complex software environments and resolve issues quickly if they arise.

Personalized Technical Partnership with a Micro Focus Premium Solution Support Engineer

Your Premium Solution Support Engineer (Premium SSE) provides deep, technical expertise and is your single point of contact for all support incidents opened within the designated product area. To address your support incidents more efficiently, the Premium SSE will build a strong relationship with the designated technical contacts within your organization and have an in-depth understanding of your environment and implementation.

Your Premium SSE will become your trusted advisor by understanding your needs, handling the reactive support issues related to your specific software solution, providing timely updates on open incidents, and coordinating—as needed—with other Micro Focus experts to expedite timely resolution.

Your SSE will apply best practices to help you minimize operational risks and avoid common pitfalls. The SSE also provides periodic supportability assessments and prescriptive product roadmaps to inform your planning and assist in upgrade and migration planning.

With this package, you will also have access to a Support Account Manager (SAM), who is responsible for quarterly incident reviews and escalation management for Severity 1 issues.

Outside your SSE's working hours, your SSE or a colleague will be on-call for Severity 1 incidents.

Description of the Premium SSE Package Key Benefits

What	How
Premium Onboarding	Your SAM will provide a personalized welcome package and host a conference call to introduce your Premium SSE. During this process, the SAM will review all details pertaining to your Micro Focus Premium Support contract and will educate you on available support resources and processes. Your SAM will also provide you with an annual Support Summary Report.
Direct access to a senior expert for enhanced incident resolution	Your Premium SSE is your single point of contact for support incidents opened for a specific product center. You skip the frontline and go directly to one of our most senior product experts. Since the SSE works with only four customers, they develop an understanding of your environment and people, which enables them to tailor support to your needs and resolve issues more efficiently. You may have one or multiple Premium SSEs assigned depending on the product centers covered by your Premium Support contract.
Prioritized target response times, as well as after-hours and weekend access	You will receive the following prioritized target response times when opening an incident during business hours with your SSE: <ul style="list-style-type: none">■ Severity level 1: 30 minutes■ Severity level 2: one hour■ After-hours and weekend access for Severity 1 incidents: 30 minutes
Primary point of contact for technical guidance	Your SSE is your primary point of contact for proactive technical guidance for products in the designated product center. Your SSE is your go-to resource for on-site and remote technical reviews, critical patch and problem management, and best practice advice and planning.
Incident management and advocacy	Your SAM will host quarterly incident review meetings to ensure your incidents are progressing and to review your support experience and make any adjustments. Your SAM will also be your advocate for any issues important to you.
Escalation Management	Your SAM will manage the escalation of any Severity 1 incidents to ensure Micro Focus management and all needed resources are engaged and to keep your management team updated on progress.

support personnel that champion your success and ensure you're getting the most out of your software investment.
