How to Find Your Filr Version

This documentation will help you find your Filr version.

As an Administrator, you can either open the Web User Interface or the Appliance Console.

Step 1

Go to the OpenText™ Filr Web UI URL for your organization (e.g., <https://filr.acme.com>).

Step 2

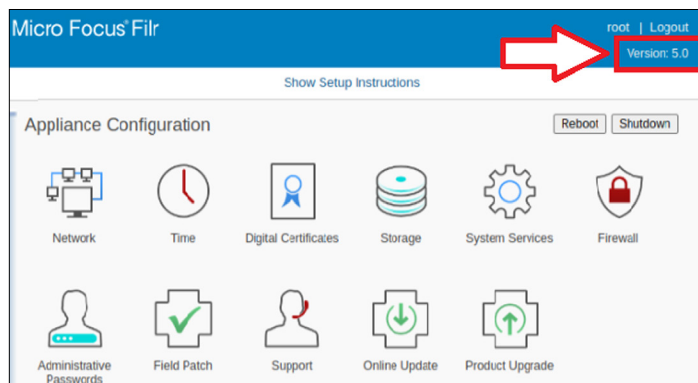

When the URL is reached, the OpenText™ Filr version will automatically appear on the splash screen.

Alternative Method

The product version can also be viewed in the administrator console.

Logging into the Appliance Administration Console, the version will display in the top right-hand corner:
