Previous versions of Additional License Authorizations documents

The above listed Additional License Authorizations are the ones that apply to new purchases from the date the ALA document was published. The version that applies to the date of a previous purchase was delivered along with the license certificate or right-to-use certificate for the purchased license(s). Effective April 2009, ALA documents are published and available through **Software License & SaaS Documents** page. When a new ALA document is being published, it replaces the current version. Refer **ALA repository** for archived versions (Currently it's available for OpenText internal use only, hence the Channel partners should contact their Partner Business Manager to obtain the same).
