opentext™

Optimize Your Cloud Costs

Cut waste and control spend with OpenText HCMX FinOps Express.

Uncover Uncontrolled Costs
with Actionable Insights

INFORM

Gain a complete, near-real-time view of spend across all clouds.

Identify spend spikes and inefficiencies.

Enable showback — map costs to owners, projects, and cost centers.

Take Control of Costs
with AI-Powered Recommendations

OPTIMIZE

Lean on AI to get a cost-effective reservations plan for your business.

Never miss a savings opportunity with reminders for reservation renewals.

Easily track and improve your cross-cloud reservation coverage.

Keep Control of Costs
with Automation and Guardrails

OPERATE

Accelerate spend optimization processes with automation in place.

Set guardrails to prevent reckless acts of overprovisioning.

Help teams stay within budget via cloud spend limits and alerts.
