

School License Agreement Annual Fee Worksheet - EMEA(USD)

NOVEMBER 2021

[Academic Program Information Link](#)

Product Selection & Bundle Calculation Instructions:

As part of the compliance and annual order process, this worksheet must be sent to EMEA_Contract_Admin@Micro Focus.com (for Europe, Middle East, Africa) or contractadmin@Micro Focus.com (for the rest of world).

1. Select any of the bundles or products below by checking the box in the Model Selected column. Any combination of products or bundles may be selected for a \$1000 minimum total purchase price.

2. Compute the Total Price based on the total cost of the products selected and compute the Annual Fee by multiplying the total Enrollment/Workstation number by the total price. For example: 1 Bundle @ 2.70 plus 2 Additional products (\$0.61 ea) = \$3.92 total price x enrollment of 1,000 = Annual Fee \$3,920.

ENROLLMENT LICENSE

The Enrollment count means the number of students enrolled in Customer (whether full or part-time) during the prior academic year.

The Enrollment number calculation for students must be demonstrated through a verifiable means that may include use of an audited annual report, an organization's human resource system, or the government website, government report, or other published report provided by Customer that shows accurate information.

Upon mutual agreement of the source of the data used for the Enrollment number calculation, Licensor will accept calculations based on the source that are up to one year old. The data source used for the calculation must be identified on the annual SLA Worksheet. The SLA Worksheet must be returned to Micro Focus along with Customer's purchase order.

Under the SLA, payment is based on either the student Enrollment number or the number of Workstations. However, subject to the SLA's terms, in addition to Customer's students, Customer's faculty, staff and students' parents are licensed to use the Software for school-related purposes.

INSERT DESIGNATED AGREED UPON SOURCE OF DATA FOR ENROLLMENT CALCULATION

By signing below, Customer certifies that as of the date below, the information contained herein (or attached) is complete and accurate to the best of its knowledge.
